March 30, 1935.

REPORT TO THE PRESIDENT

The PRESIDENT,

The White House.

SIR: This is a report on the Amendment to the Supplementary Code of Fair Competition for the Standard Steel Barrel and Drum Manufacturing Industry, a division of Fabricated Metal Products Manufacturing and Metal Finishing and Metal Coating Industry, to incorporate provisions whereby members of the Standard Steel Barrel and Drum Manufacturing Industry are prohibited from quoting prices or offering to sell on terms which are inconsistent with their open filed price. The Amendment has been submitted in accordance with the provisions of Section 2 of Article VI of the Supplementary Code and a Notice of Opportunity to be heard was published on February 19 for a period of twenty (20) days.

FINDINGS

(a) The Supplementary Code is well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act, including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing the maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required,) by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor and by otherwise rehabilitating industry.

(b) The Supplementary Code, as amended, complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7, and Subsection (b) of Section 10 thereof.

(c) The Standard Steel Barrel Manufacturers Council, the group sponsoring this amendment, was and is an industrial association truly representative of the aforesaid Industry and said Association imposed and imposes no inequitable restrictions on admission to membership therein.

(d) The amendment as proposed will tend to eliminate certain practices which are unjustifiable and not in accordance with the purposes of the National Industrial Recovery Act; specifically, to prohibit the quotation or the discussion of terms by a member of

the Industry with a customer which are inconsistent with the prices filed by him pursuant to the provisions of Article V, Rule A of the Supplementary Code.

(e) The amendment will not change the fundamental economic condition of the Industry, will not obstruct any sound economic practice in the Industry and will further the economic progress of any member of the Industry and others directly or indirectly concerned.

(f) The amendment and the Supplementary Code as amended are not designed to permit monopolies or monopolistic practices.

(g) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For these reasons, therefore, this amendment has been approved.

For the National Industrial Recovery Board:

W. A. HARRIMAN,
Administrative Officer.
